# 11 New Classic

**The quick-and-dirty:** This kitchen renovation—replete with red birch cabinetry, built-in buffet, slate flooring and art glass panels—retains the classic charm of the homeowners' 1907 arts and crafts-style abode. A geothermal heating and cooling system and updated powder room round out the redo. **See it for yourself:** 1802 Colfax Ave. S., Mpls.

# 12 Great "Great Room"

**The quick-and-dirty:** A bright, traditional aesthetic prevails (dig the chandelier above the rustic-style wood table) in this newly unified kitchen and family room. **See it for yourself:** 635 Heinel Dr., Roseville
